

Thomas Wheeler

Computer Science & Cybersecurity Undergraduate

thomaswheeler443@gmail.com | +1 (202) 569-2398 | Blacksburg, VA

Website: thomaswheeler443.github.io

Computer Science undergraduate focusing on Cybersecurity Analysis. Passionate about vulnerability and malware analysis, cryptography, and research software engineering.

Skills

Programming & Scripting: Python, C/C++, Java, JavaScript/TypeScript, SQL, MATLAB, Julia, Bash, PowerShell

Operating Systems & Environments: Linux, Windows, macOS, VirtualBox, Docker, Kubernetes

Cybersecurity Tools: IDA Pro, Ghidra, Wireshark, Burp Suite, Nmap

Project Tools: Git, LaTeX, Jira

Education & Certifications

Virginia Tech, Blacksburg, VA

B.S. in Computer Science (Secure Computing), Math Minor | Expected Dec 2026

Certifications: CompTIA Security+ (SY0-701), 2024

Experience

LanTech IT Services, Dublin, Ireland

Information Technology Intern

Summer 2025

- Diagnosed and resolved issues across Windows environments and enterprise networks, supporting system reliability and secure operations for hospitality clients.

Virginia Tech National Security Institute, Blacksburg, VA

NeTSat/SpaceNet Undergraduate Research Intern

Sept. 2022 – Dec. 2023

- Designed and implemented a 3D satellite constellation visualization tool using Python, C, and OpenGL, capable of rendering simulated satellite orbits and inter-satellite network connections relative to earth.
- Collaborated on research publications and presentations, including one peer-reviewed paper and two posters, and presented project progress to academic and professional audiences.

ManTech International, Herndon, VA

Cyber Infrastructure Intern

Summer 2022 & 2023

- Assisted in the creation of 'cloud-agnostic' cloud computing systems utilizing Docker, Kubernetes, and Terraform to allow for simpler, on-demand creation of cloud instances while allowing for flexibility and reduced costs.
- Documented the structure of a database-driven, military logistics website in order to update and secure the old, vulnerable website still being used.

Activities

Hilton Head Humane Society, Hilton Head Island, SC

Cat Shelter Volunteer

Aug. 2025 – Jan. 2026

- Managed daily care for 15-25 shelter cats on average, including feeding, socialization, and habitat maintenance, contributing nearly 200 volunteer hours.

RoboGrinder at Virginia Tech, Blacksburg, VA

Computer Vision Team Member

Sept. 2023 – May 2024

- Integrated and improved computer vision components for autonomous robots using ROS2, Python, and Julia in a collaborative team setting.
